Morris:

The other two did not come to me. It looks like 42750-108 was assigned to Erik Kraft. I see no record of 42750-101. But to answer your question if you are doing the same thing, yes the same documents would be required.

Vickie,

Per our discussion this morning I have attached data certification documents to support the alternate CSF submitted on 2/27/06 for Albaugh's Acetochlor 4.3 + Atz 1.7 (EPA Reg. No. 42750-106).

We submitted a similar alternate CSF for each of our 2 other acetochlor registrations at the same time. Should I submit data certification does for those also?

Also, thanks for the guidance on the upcoming relocation. Good luck with it.
